

## LEARNING INSTRUCTIONS FOR UNIVERSAL EZY RECEIVER

### Frequency - 433 MHz / Rolling & Fixed Code / 2 Channel

The Receiver will hold 200 remotes all on one channel or 200 remotes over 2 channels in any combination -  
for example  
100 on Channel 1  
100 on Channel 2

### Learning Momentary Mode (use for Garage Doors and Gates)

Choose channel 1 by pressing the learning button **ONCE** on the receiver and then release.  
Choose channel 2 by pressing the learning button **TWICE** on the receiver and then release.  
The LED will then stay solid,  
Press the button required on remote control LED will flash 5 times and turn off.  
This indicates the learning has been successful

### Deleting Codes

Press delete button and hold down until LED light comes on.  
Then all remotes are deleted.
