LEARNING INSTRUCTIONS FOR 400 UNIVERSAL RECEIVER

Frequency - 433 MHz / Rolling & Fixed Code / 2 Channel

The 400 Receiver will hold 400 remotes all on one channel or 400 remotes over 2 channels in any combination -

for example

100 on Channel 1

300 on Channel 2

Learning Momentary Mode (use for Garage Doors and Gates)

Choose channel 1 or 2 press the learning button **ONCE** on the receiver and then release

The LED will stay solid,

Press the button required on remote control LED will flash 5 times and turn off.

This indicates the learning has been successful

Deleting Codes

Hold learning button on either channel down LED will come on for approx. 5 seconds and then go out this means you have successfully cleared the receiver of all memory on that channel

400 Universal Receiver Holds 400 Remotes
